## CALL FOR PAPERS

ORGANIZERS:

The 14<sup>th</sup> Mediterranean Congress of Chemical Engineering will take place in Barcelona, Spain, joining the international fair of the Chemical Industry EXPOQUIMIA.

The Congress will cover all aspects and results related to Chemical Engineering, from fundamental areas as separation technologies, chemical reactors process to applications in areas as sustainable development and environmental engineering and food

and biochemical engineering, etc. Besides, present and future of the professional career, innovation paths and new business opportunities will be considered in the congress as main discussion topic.

## TENTATIVE PROGRAM

### SCIENTIFIC:

#### TOPIC 1. Unit Operations & Separation Processes

- Thermodynamics & Transport Phenomena
- Separation Processes
- Mixing Processes
- Multiphase Operations
- Other

#### TOPIC 2. Chemical Reaction Engineering

- Kinetics & Catalysis
- Chemical Processes & Reactors

#### TOPIC 3. Process Systems Engineering

- Computer Aided Process Engineering
- Process Intensification
- Instrumentation and Process Control, Fault Analysis and Diagnosis

#### TOPIC 4. Product Engineering

- Product Design
- Nano-Materials
- Polymers & Composites
- New/Advanced Materials

#### TOPIC 5. Applied Biotechnology

- Health Oriented biological processes and products
- Environmental Applications
- Biological-based Industrial Processes

#### TOPIC 6. Safety, Health and Environment (SHE)

- Industrial Process Safety
- Industrial Health Protection
- Environmental protection and Sustainability

#### TOPIC 7. Chem. Engng. Solutions to Global Societal Challenges

- Resources Management, Waste Reduction, Circular Economy and Valorization
- Air Pollution Control
- Water Management & Treatments
- Soil Remediation & Hazardous Wastes management
- Energy: Clean Energy & New Energy Vectors
- Pharma & Health
- Food Engineering

#### TOPIC 8. Knowledge, Education & Training

- Curriculum Development & Transformation
- e-Learning & e-Assessment
- Safety & Sustainability Teaching/Training
- Long Life Learning

### BUSINESS & INNOVATION:

1. Business Forum
2. Research Proposals
3. Spin-off
4. Internal Host

### STUDENTS PROGRAM:

1. Students Forum
2. Research proposals
3. Chem-e-car
4. Contests/Awards

### EXHIBITION PROGRAM:

1. Business Forum
2. Research Proposals
3. Expoquimia linked activities.
